COMMITTED TO CRAFTSMANSHIP

The first of its kind in Canada and welcoming over 120 new farmers since its inception in 2016, the CFO Artisanal Chicken Program continues to evolve and grow. This unique program was created with small-scale farmers in mind and has fostered a strong community which is now providing craft chicken for local markets. Across Ontario, Artisanal Chicken farmers are successfully satisfying consumer needs for variety and small batch-inspired options.

The Artisanal Chicken Program enables farmers to raise between 600 and 3,000 chickens on an annual basis. Artisanal Chicken farmers are granted growing rights through CFO regulation—ensuring the high-quality standards that all Ontario chicken farmers adhere to and that consumers value.

Our Mission

To lead positive change and build value as Canada's premier provider of trusted, family-farmed, safe, high quality chicken

Our business model is designed to meet or exceed two primary business accountabilities

1. Deliver cost-effective and socially-responsible production of safe, high-quality chicken
2. Deliver value and sustainability-enhancing solutions for the Ontario chicken industry
